Dear Parents and Youth,

We have a number of events scheduled for this summer. The service projects and fundraisers are important for all Youth Members to participate because they not only encourage fellowship with one another, but they teach the youth how to give of themselves. We expect all the Youth Members to attend all of the service and fundraising events, unless they call to give us an excuse. These projects help to cover the expenses of our social events and so members that don't participate will have to cover their own expenses if necessary.

Another note, we really need parents who can volunteer to drive for out of town events, we are struggling to get students to these exciting events, please keep in mind that these events are interesting for adults as well! Also, it is important that when a Youth or Parent signs up for an event that they make the necessary plans to attend, with exceptions of emergency situations, because it makes the coordinators' positions much more difficult to replace drivers and fill tickets at the last minute.

Finally, please return the form to let us know about the Vacation Bible School and the Cedar Point Trip. The form needs to be in the church office or mailed by June 25, so necessary arrangements can

be made. We are excited about the upcoming events this summer and we hope that you are as well.

Yours in Christ,

Molly Todaro
